CUSTOMISABLE

Our customisable service means you get to build a cleaning plan that meets your needs. For example:

- **Recurring Cleaning**—the frequency is designed to meet your needs and can be altered at any time.
- **Occasional Cleaning**—where the cleaning is one-off and designed to help you get back on track, e.g. an entire space, one room, or a difficult space, e.g. a bathroom, kitchen, storage area.
- **Moving in/Moving out Cleaning**—the moving in cleaning helps you get off to a fresh start in your new home or office with a top-to-bottom cleaning. Our move-out service cleans your previous home or office so you never have to look back.
